

Skin | Shine killer | oil control cream | SC-FAC-011-07 | tube

A powdery creamgel texture for a perfect matte result all day long. This incredibly silky creamgel rebalances excessive sebum and acts like a powder. It adds a sheer, no-shine matte texture in one smooth layer without drying out the skin thanks to the contained rice wax powder and buttery rapeseed wax.

Phase	Tradename	INCI (EU)	Supplier	%
A	Water	Aqua	--	ad 100

	Lemon Thyme V/40 150	Parfum	Vögele	0.30
	Preservative			q.s.

Procedure

Heat phase A and C separately to 70–75 °C. Add phase B to A and stir until the product is thick and homogeneous. Add C to A/B under rapid mixing. Cool under stirring. Prepare a homogeneous paste of phase D ingredients. Add D to A/B/C below 40 °C and stir until homogeneous. Add phase E and fill into suitable packaging.
